

The Next Generation Control Workstation - E150

Since its debut, GVD Control Workstation has been the most popular HD CCTV wall solution in the market. To achieve higher performance requirements and exceed the market expectation, GVD R&D team has developed the next generation Control Workstation E150.

On top of original E100 features, GVD focused on enhancing the display capability and doubled the displaying power from E100. The E100 will be replaced end of life on October 1, 2011. The main features for E150 are as below:

- Video display benchmark up to 50 D1 cameras or 16 1.3 Megapixel cameras
- Manages multiple HD NVRs, up to 1024 IP cameras
- Two monitor support for digital CCTV wall application
- Available time: July 1, 2011
