

GVD Supports Innovation Panoramic Camera

This is an official statement to announce GVD supports Panoramic Fisheye IP camera including Vivotek FE8171V, Pixord PD636E, and Mobotix Q22M de-warping technology for triplex video functions (live viewing, remote monitoring and playback)

GVD HD NVR with Panoramic Fisheye cameras is an ideal solution for banks, chain stores, education, hospitals or government organizations. With this de-warping technology, GVD meets the needs for more efficient surveillance by offering increased video surveillance coverage, heightened situational awareness and recreation of entire crime scenes on the spot; It also benefits users with limited budget on cameras purchase.
